Managing rulings in the CARM Client Portal

Revision date: December 13, 2022

Purpose of this guide

This guide will explain the rulings process in the CARM Client Portal in detail, and includes step by step instructions for portal users to submit ruling requests, as well as an overview of possible responses to these requests from the Canada Border Services Agency (CBSA).

Note:

Prior to reading this guide, it is suggested that you first review the [User guide – Onboarding to the CARM Client Portal](#). This guide offers step by step processes for creating both individual and business accounts in the CARM Client Portal, as well as steps for linking these accounts. These actions are necessary pre-requisites that must take place before users can request rulings via the portal.

1. Overview of rulings in the CARM Client Portal

1.1 Process overview

You will be able to request, view, and manage your ruling requests from the CBSA through the CARM Client Portal.

1.2 Applicable rulings

The rulings process applies to three types of rulings:

Note:

Only existing importers, customs brokers, and trade consultants with a valid BN9 and RM will be able to access the rulings functionality via the CARM Client Portal during Release 1. New trade chain partners (TCPs) who wish to use CARM during Release 1 need to first obtain a BN9 and RM by registering and enrolling with the CRA as one of the above TCP types to enable access to CARM functionality.

- **Advance Rulings (ARs)**
- **National Customs Rulings (NCRs)**
- **Same Condition Rulings (SCRs)**

Program information on these rulings can be found on the [CBSA website](#).

1.3 Rulings page – Overview of functions and features

Once users have logged in to their account in the CARM Client Portal they will be able to access a **List of rulings**, associated with their account. From this page, users can request new rulings, resume draft rulings, and search for existing rulings to view their details, or take action on them.

The screenshot shows the 'Rulings requests' page in the CARM Client Portal. It includes a navigation menu, a 'Request a new ruling' button, a 'List of rulings' section with 'Rulings' and 'My Drafts' tabs, a search and filter area, and a table of submitted rulings. Callouts highlight the 'Request a new ruling' button, the 'View existing rulings or view draft tab', the 'Filter by date range or by using search field' area, and the 'Date range' filter.

In the **List of rulings**,

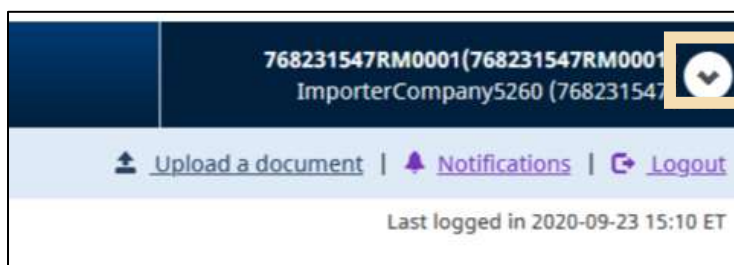

- **Submitted On** indicates the submission date of request
- **Case Number** is a unique number provided by CBSA
- **Submitted by** indicates the account from which request was submitted
- **Type** indicates the type of ruling requested
- **Status** indicates the current status of the ruling
- **Actions** allow you to view or print the decision, withdraw the request, upload supporting documents, or request a modification to a decision.

2. Requesting a ruling

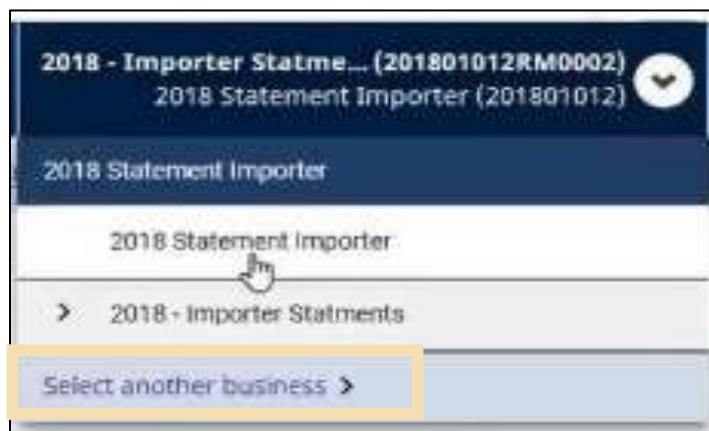

2.1 Submitting a ruling request

Before requesting a ruling request, make sure you are in the correct program account by checking the business and program account name and number displayed in the right top corner of your home page. Service providers, such as customs brokers and trade consultants, will work on multiple client's business accounts and therefore this step is important. If the desired program account is under another business account, you can follow the steps below:

1. Click the **drop-down arrow** at the right top corner of your home page.

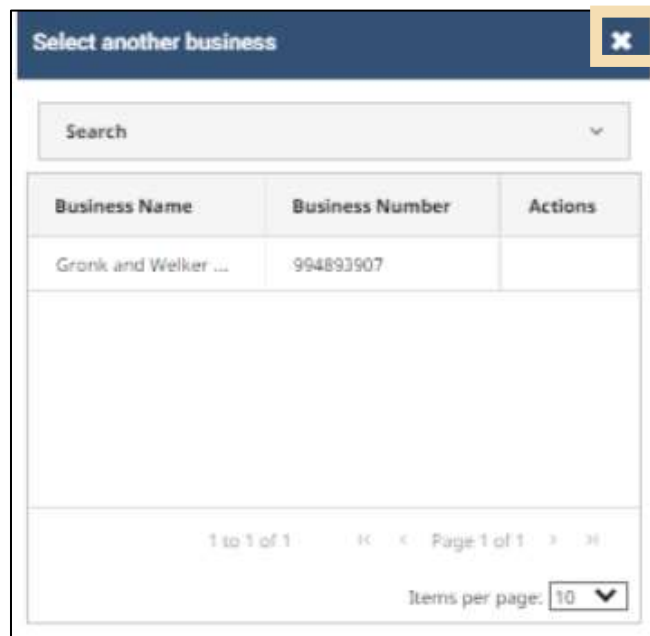

2. Click **Select another business** if you are not already in the correct business account.

3. Select the correct business by clicking the **Select** button corresponding to the desired business name.

If there is only one business, there will be no **Select** button. In this case, click **X** to close the window and the **Menu** page of the business account will display.

Note:

A business account can have multiple program accounts (RMs), but the ruling request applies only to one program account.

4. To request a ruling in the CARM Client Portal, start by selecting the **Rulings** hyperlink under the items found on the CARM Client Portal home page, or by selecting **Rulings** from the **MENU** in the top left corner. Select **Rulings**.

6. Click the **Request a new ruling** button on the **Rulings requests** page to open the ruling request form.

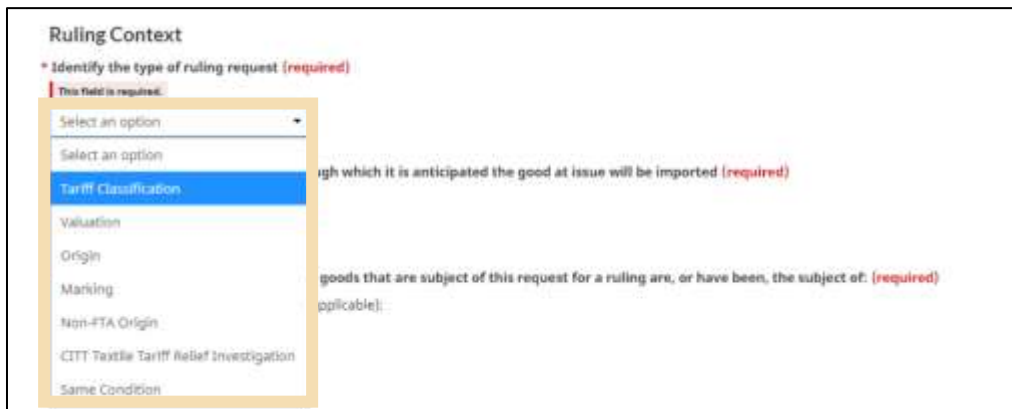

7. You will see two sections: **Ruling Context** and **Ruling Details**. The **Ruling Context** page must be completed first.

This section requires the same information regardless of the type of ruling being requested:

- **Type of Ruling**
- **Port of entry**
- **General information about the goods**
- **Consent to publication**

8. Select the **type of ruling** you wish to request from the drop-down menu.

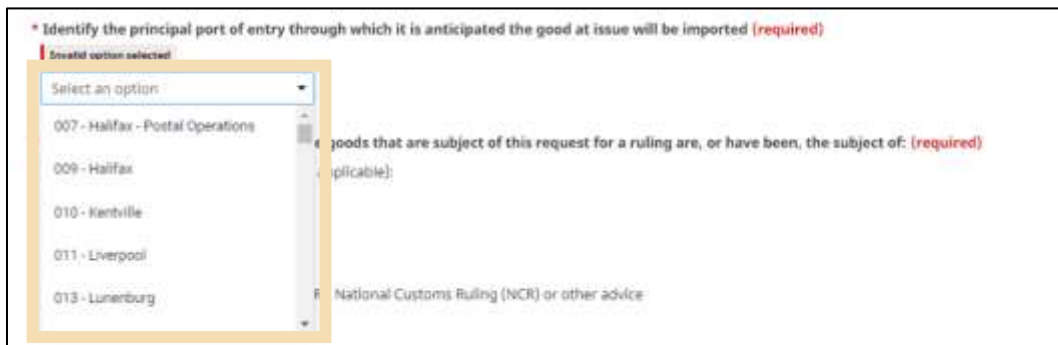

The screenshot shows a form titled "Ruling Context". A red asterisk indicates a required field: "* Identify the type of ruling request (required)". Below this is a dropdown menu with a red error message: "This field is required:". The dropdown menu is open, showing several options: "Select an option", "Select an option", "Tariff Classification" (highlighted in blue), "Valuation", "Origin", "Marking", "Non-FTA Origin", "CIT Textile Tariff Relief Investigation", and "Same Condition". To the right of the dropdown, there is a label: "through which it is anticipated the good at issue will be imported (required)". Below the dropdown, there is another label: "goods that are subject of this request for a ruling are, or have been, the subject of: (required) applicable):".

Note:

We have selected **Tariff Classification** for this example as it is the most common type of ruling request. The details required for other types can be found in [Section 2.2](#) of this guide.

9. Enter the principal **port name** (or port code if known) through which it is anticipated that the good will be imported.

The screenshot shows a form titled "Ruling Context". A red asterisk indicates a required field: "* Identify the principal port of entry through which it is anticipated the good at issue will be imported (required)". Below this is a dropdown menu with a red error message: "Several options selected". The dropdown menu is open, showing several options: "Select an option", "007 - Halifax - Postal Operations", "009 - Halifax", "010 - Kentville", "011 - Liverpool", and "013 - Lunenburg". To the right of the dropdown, there is a label: "goods that are subject of this request for a ruling are, or have been, the subject of: (required) applicable):". Below the dropdown, there is another label: "National Customs Ruling (NCR) or other advice".

10. Answer the additional questions about the goods to the best of your knowledge, indicating:

- a) Whether the goods are currently or have been the subject of a past CBSA verification or ruling, an administrative, judicial or quasi-judicial review or appeal,
- b) Whether the goods have been previously imported into Canada, and
- c) Whether the goods will continue to be imported.

*** On the basis of your knowledge, are the goods that are subject of this request for a ruling are, or have been, the subject of: (required)**

• One or more of the following (check all applicable):

- A verification of tariff classification
- An administrative review or appeal
- A judicial or quasi-judicial review
- A request for an Advance Ruling (AR), National Customs Ruling (NCR) or other advice
- None of the above

*** Provide a brief statement identifying the status of the request(s) according to your knowledge. (maximum 5000 characters) (required)**

*** On the basis of your knowledge, have the goods been previously imported into Canada? (required)**

- Yes
- No

*** Will they continue to be imported? (required)**

- Yes
- No

11. Select **Yes** or **No** to indicate whether or not you consent to publication of the ruling letter. If you select yes, the ruling decision will be published on the publicly available section of the CARM home page. If you decline, the ruling decision will only be visible on your CARM Client Portal account. **Note** that this is not applicable for Same Condition Rulings which are never published.

*** Do you consent to allow the Canada Border Services Agency (CBSA) to release to the public in both official languages the entirety of the ruling letter issued by the CBSA in respect of this ruling request? (required) ⓘ**

The publication of rulings by the CBSA is provided as a resource to the importing community, to assist with the tariff classification, valuation, origin or marking of their goods.

There is no obligation on the applicant to consent to the publication of its ruling letter. A decision not to authorize its release to the public will neither have any bearing on any CBSA decision with respect to the ruling(s), nor any other adverse consequences in terms of the CBSA's processing of the request.

- Yes
- No

Note:

The CBSA maintains a database of past rulings for importers and brokers to consult. However, only rulings that users have consented to publication can be found there.

- 12. Select **Next** to continue to the **Ruling Details** page. Alternatively, you can also return to the previous screen by selecting the **Previous** button, or you can save your draft and return to the ruling request later by selecting **Save draft**.

* Do you consent to allow the Canada Border Services Agency (CBSA) to release to the public in both official languages the entirety of the ruling letter issued by the CBSA in respect of this ruling request? (required) ⓘ

Request a new ruling: 2. Tariff Classification

Follow the steps in this form to request a new ruling for your imports.

1. Ruling Context 2. Tariff Classification

Goods information

To issue a ruling it is imperative that the CBSA be able to accurately identify the goods. To do this, you must provide the following information. Incomplete or inaccurate information may result in the rejection of your request. We may contact you for further information.

* Provide a detailed description of the good, technical specifications of the good, function, manufacturer, producer. Descriptions consisting only of part numbers, trade names and the like are not satisfactory. Note: If you need more space to provide this information, please attach additional documentation in the space at the bottom of this page. (maximum 5000 characters) (required)

This field is required.

Remember: We selected Tariff Classification as an example, so the questions below relate to this type of ruling.

14. Answer the additional questions about the goods in as much detail as possible, indicating:

- The materials, ingredients, and composition of the goods,
- A description of the manufacturing process,
- The tariff classification that you believe applies to the good,
- The reason why you believe this classification is correct,
- Whether or not you are applying for a conditional relief item,
- The conditional relief tariff item, if yes is selected above,
- The anticipated use of the good, and
- A description of the packaging.

* Provide a list of materials, ingredients, composition. (maximum 5000 characters) (required)

This field is required.

* Provide a description of the process by which the good is manufactured. (maximum 5000 characters) (required)

This field is required.

* What tariff classification do you believe applies to the good? (10 digits) (required)

This field is required.

* Provide the reason(s) that support your interpretation of your submission. (maximum 5000 characters) (required)

This field is required.

* Are you applying for a conditional relief? (required) ⓘ

Yes
 No

* What is the conditional relief tariff item? (8 digits) (required)

0000.00.00

* What is the anticipated use of the good? (maximum 5000 characters) (required)

* Provide a description of the packaging in which the good is contained. If you have pictures to attached, you may upload them in the supporting documentation below. (maximum 5000 characters) (required)

15. Include a **URL or link** to documents from the manufacturer of the goods if available. If you are unable to obtain proprietary information about the goods, use the **checkbox** to indicate that it will be forthcoming from the manufacturer. Once the case has been assigned a case number, you may provide this case number to the manufacturer in order for them to send the information to CBSA directly.

Supporting documentation
 Include any links to the producers or manufacturers product literature, drawings, photographs, or schematics.

Check this if you are unable to obtain the proprietary information and have requested that the manufacturer, foreign exporter or producer send the information directly to the CBSA. ⓘ

Include a URL or link to documents (maximum 5000 characters)

16. Click the **Submit & Add Attachment(s)** button to continue. You may also select **Previous** to return to the **Ruling Context** page or **Save draft** to save a draft of your ruling request.

18. Including additional documents helps the CBSA make a decision. Where possible, documents that support a ruling request should always be included with the initial request. If the CBSA feels that they have insufficient information to make a decision, they may request that you provide additional information in order to proceed with your ruling request.

- a) Click within the box to open a file upload on your computer or drag and drop the file to this space.

The screenshot shows a web interface for uploading files. At the top, it says "Attachment(s): case #8000000167". Below that, it instructs the user to "Attach any files of producers or manufacturers product literature, drawings, photographs, or schematics." There is a section titled "Upload files" with a sub-instruction: "The maximum upload size per file is 15 MB and a maximum of 10 attachments per upload." It also lists "Acceptable file types: .pdf, .doc, .docx, .xls, .xlsx, .rtf, .txt, .jpg, .jpeg, .tiff, .tif, .xps". A large dashed box contains an upload icon (an arrow pointing up from a document) and the text "Click or drag your file here". At the bottom of the interface, there are three buttons: a grey button on the left, a highlighted "Upload" button in the center, and another grey button on the right.

- b) Specify the **document type** from the drop-down menu that will appear.
c) Click **Upload** to complete the upload process.

Note:

- You can only upload PDF, Word, Excel, RTF, JPG, TIFF and XPS documents to the CARM Client Portal.

2.2 Other types of ruling requests

Steps 13 – 16 of the above example detail the steps required if **Tariff Classification** is selected as the type of ruling. Other types of rulings can be selected from the drop-down menu (shown below). If a different ruling type is selected, specific details pertaining to this type will be required when you reach the **Rulings Details** page.

The screenshot shows a web form titled "Ruling Context". The first field is a dropdown menu with the label "* Identify the type of ruling request (required)". The dropdown is open, showing options: "Select an option", "Select an option", "Tariff Classification" (highlighted in blue), "Valuation", "Origin", "Marking", "Non-FTA Origin", "CITT Textile Tariff Relief Investigation", and "Same Condition". To the right of the dropdown, there are partially visible labels for other required fields: "ugh which it is anticipated the good at issue will be imported (required)", "goods that are subject of this request for a ruling are, or have been, the subject of: (required)", and "pplicable);".

The details required for other ruling types are described below.

- Use of the goods after processing, including change in function or marketability
- Exported goods including generic, trade or chemical name
- Description & purpose of exported goods
- Origin (tariff treatment) of imported goods
- Destination of processed goods
- Supporting documentation

3. CBSA ruling responses

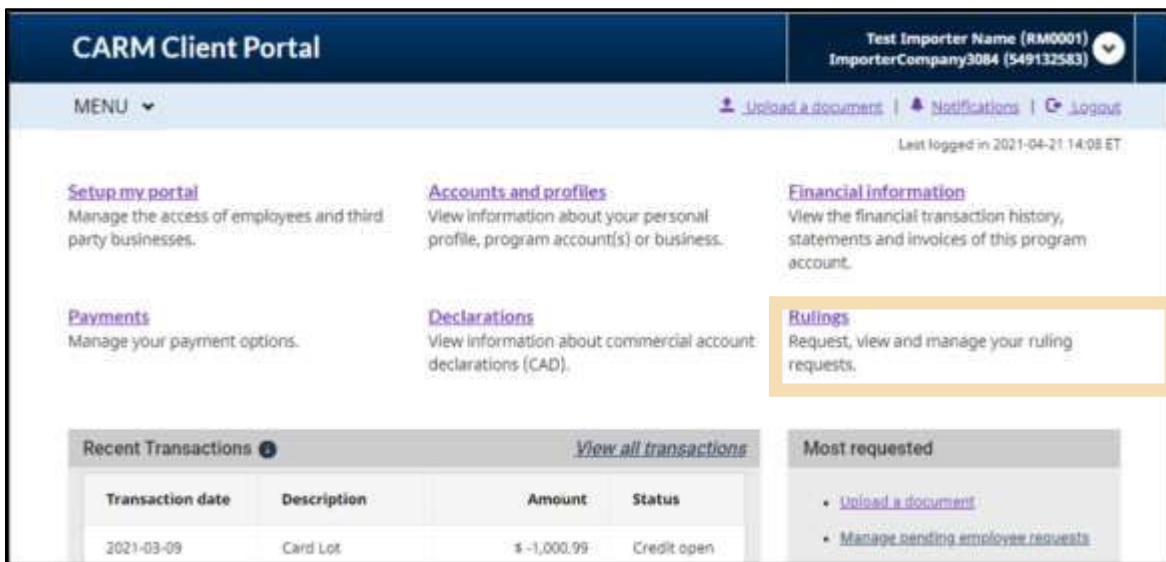

Once submitted, the CBSA will review the ruling request based on the information provided by the TCP through the CARM Client Portal.

3.1 Viewing decision letters

When the CBSA renders a decision on the ruling request, this decision is communicated to the TCP via a ruling decision letter posted to the TCP's account on the CARM Client Portal.

To view your ruling decision letter, follow the below steps:

1. Click on the **Rulings** link on the CARM Client Portal home page to reach your list of rulings.

Note:

If you have subscribed to notifications from the CBSA, you will be advised that a decision has been rendered on your ruling. For more information on subscribing to notifications please see [User guide – Onboarding to the CARM Client Portal](#)

- When the CBSA issues the ruling decision, the case status will be updated to **Decision rendered** in the rulings list. Click on the **Documents** icon found in the Actions column to access the letter.

Note:

The CBSA can request additional information at any time. Failure to provide this information by the deadline provided (usually 30 calendar days) may result in the CBSA declining to issue a ruling by issuing a **Decline to Issue** letter.

3. Attach the supporting documentation by clicking on the upload box, or by dragging and dropping files into the space.

4. Complete the process by clicking the **View confirmation** button at the bottom of the screen.

Note:

To see a step-by-step walkthrough for submitting additional information to ruling requests please reference the following instructional video:

- **Video – How to submit additional information to a ruling request in the CARM Client Portal**

3.3 Decline to issue

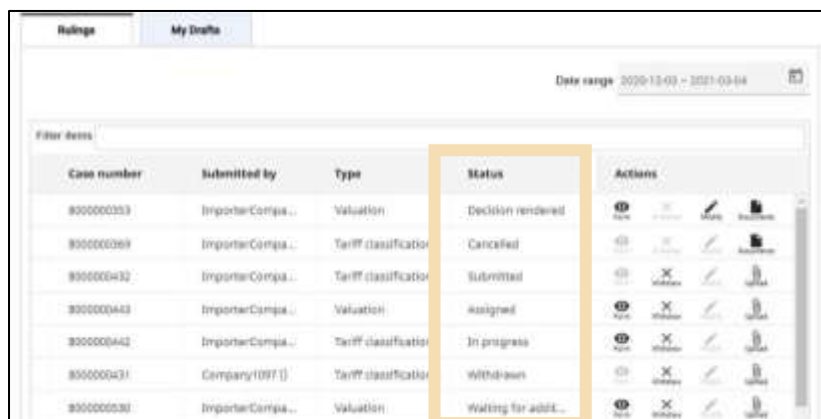

There are some situations in which the CBSA cannot provide a ruling and will instead send a **Decline to issue** letter. This may occur in the following situations:

- The application refers to hypothetical goods
- The applicant has already been issued a ruling
- It is not possible to determine all the material facts to classify the goods
- The application pertains to more than three goods
- Additional information was requested but not provided within the period specified by the officer
- Application does not meet the required conditions

The **Decline to Issue a Ruling Decision** letter will be posted to the TCP's portal account and will be available to view in the list of rulings. The ruling status will be updated to **Cancelled** when this occurs. You may submit a new request once you are able to meet the required conditions.

3.4 Ruling statuses in the CARM Client Portal

In addition to the statuses referenced in the above sections, there are additional ruling statuses that may be posted within the portal.

The screenshot shows a web interface for the CARM Client Portal. At the top, there are tabs for 'Rulings' and 'My Drafts'. A date range filter is set to '2020-12-03 - 2021-03-04'. Below the filter, there is a table with the following columns: Case number, Submitted by, Type, Status, and Actions. The 'Status' column is highlighted with a yellow box. The table contains several rows of data:

Different statuses that TCPs may see in their list of rulings include:

- **Submitted:** This status indicates that the ruling request has been sent to the CBSA and is still active. CBSA has received the request but has not yet rendered a decision.
- **Assigned:** This status indicates that the ruling request has been assigned to a CBSA officer.
- **In progress:** This status indicates that the request is currently being examined by the CBSA.
- **Decision rendered:** As referenced earlier, a decision rendered status indicates that the ruling process is complete. CBSA has rendered a ruling decision and you can download a copy of the decision letter by clicking on the **Documents** icon.
- **Waiting for additional information:** As referenced earlier, this status indicates that the CBSA requires you to upload more documents to support your ruling request. Failure to provide these documents may result in the ruling request being cancelled.
- **Withdrawn:** This status indicates that the ruling request has been withdrawn by the requestor.
- **Cancelled:** This status indicates that the ruling request failed to meet the required conditions and has been rejected, or that the decision has been replaced or revoked.
- **Postponed:** This status indicates that the ruling request has been paused. Once the situation causing postponement has been resolved, this status will be updated to **In progress**.

4. Requesting a modification to a ruling decision

4.1 Modification overview and rationale

After a decision letter has been issued, it is possible to send a request for a modification of a ruling decision. Modifications to ruling decisions are meant primarily to adjust or to fix clerical elements, but may also be necessary for other reasons. Requests for a modification allow these issues to be fixed without making it necessary to request a new ruling. Some examples of issues which could render a ruling invalid (and therefore warrant a modification request), include:

- A typo in a ruling
- A court decision that has affected how the goods are to be imported
- A change to the laws of Canada by an Act of Parliament that directly affects the goods
- Changes to the material facts or circumstances on which the ruling is based (such as a change to the name or address of a manufacturer)
- Other clerical issues

Note:

Requests for a modification to a ruling decision are done to keep the decision valid. Note that this is not the same as an appeal. The ability to appeal a decision is not currently available in the CARM Client Portal but will be implemented in future updates. Until this feature is available, appeals can be requested through the existing process outside of the CARM Client Portal.

4.2 Process to request a modification

To request a modification to a ruling, follow the steps below:

1. Navigate to the **Rulings requests** page. Click the **Modify** (pencil) icon in the **Actions** column. **Note** that it is only possible to request modifications to rulings with a **Decision rendered** status. If the **Modify** icon is grey (as per the below image in which it is grey for all rulings with **Submitted** status), it cannot be selected.

Once the CBSA has received your request and all the necessary information, the standard processing time is within 120 calendar days. The CBSA aims to issue rulings within a shorter period.

If additional information is required, the CBSA will notify you and you will be given a period of 30 calendar days to provide the required information.

You can also follow up on your application status on the [Ruling requests](#) page.

[← Back to rulings requests](#)

If the modification request is approved by the CBSA, a new ruling decision letter will be issued, and the previous decision letter will be cancelled.

Note:

If the ruling request was made under an incorrect account or incorrect BN15 and the decision has not yet been made, you must **Withdraw** the request and start over. You will know that the ruling is not decided if the **Withdraw** button is enabled under the Actions column.

5. View published rulings

5.1 Overview of published rulings

When ruling requests are submitted through the CARM Client Portal, users will have the option to provide consent to the CBSA to publish these rulings. Published rulings can provide meaningful guidance to other users on how to comply with Canada’s trade legislation.

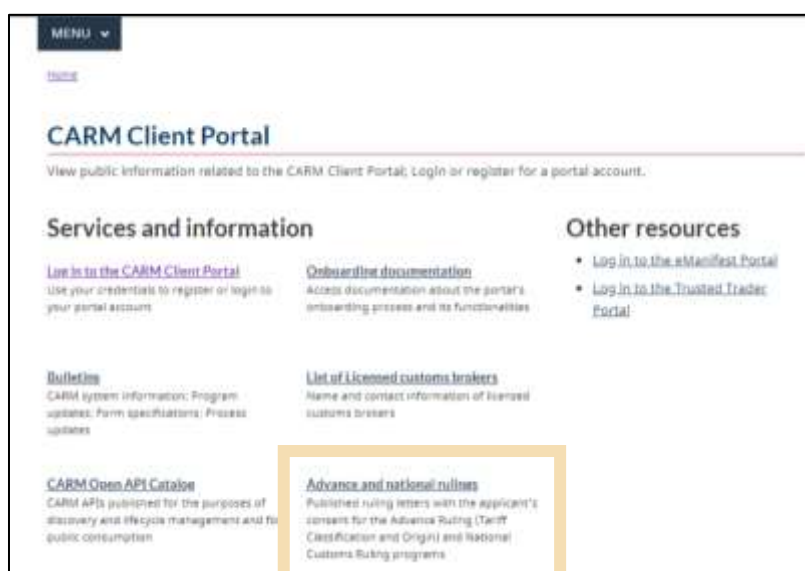

Note:

Published rulings should be used for reference purposes only. It is important to remember that these rulings are binding only between the Canada Border Services Agency and the applicant.

5.2 Accessing published rulings

It is not necessary to log in to the CARM Client Portal to access and view published rulings.

1. From the main **Services and information** page, click the **Advance and national rulings** link.

2. A list of rulings that have been issued by the CBSA will be displayed. Click on the hyperlink found in the **product name** of the ruling that you would like to view.

Tip: Use the **Filter items** bar to search for a relevant ruling. Rulings can be filtered by key words in the product name, type of ruling, classification number, or decision date.

The screenshot shows the Canada Border Services Agency website. The main heading is "Rulings issued by the CBSA". Below this is a "Filter items" search bar and a "Showing 1 to 10 of 613 entries" indicator. A table lists several rulings with the following data:

Tariff Classification Advance Ruling

Non-Fat Dry Milk High Heat Kosher

Applicant

Mr. Harry Kent
XYZ Inc.
123, boul. de Boulon
Anjut, Québec J2E 1P9

Date of issuance of ruling: 2016-01-16

This is in response to a request submitted on your behalf by Fedex Trade Networks for an advance ruling on the tariff classification of Non-Fat Dry Milk High Heat Kosher. This product is manufactured and exported from Dairy America (USA).

TRS Number: 272936
Classification Number: 0402.10.10.00 within access commitment or 0402.10.20.00 over access commitment
Effective Date: January 7, 2016

Product Description

The product is described as fresh milk where the fat is removed and is subjected to a high heat treatment resulting in a non-fat, dry whitish powder. According to the information provided, it contains lactose, milk proteins and minerals in the same proportions as found in fresh milk. The fat content has been reduced to a maximum of 1.25%. No preservatives, neutralizing or other chemical agents have been added. The product is especially suited for baked goods, dry mixes and process meat and is sold in bags of 25 kg.

Analysis and Justification

Note 1 to Chapter 4 provides: "The expression "milk" means full cream milk or partially or completely skimmed milk". The Explanatory Notes to Heading 04.02 state that the heading covers: "milk (as defined in Note 1 to this Chapter) and cream, concentrated (for example, evaporated)... whether liquid, paste or solid (in blocks, powder or granules) and whether or not preserved or reconstituted". The product is a dry powder of skimmed milk is covered by heading 04.02.

Decision

Section 10 of the Customs Tariff directs that classification of imported goods shall be determined in accordance with the General Rules for the Interpretation of the Harmonized System. Section 11 of the Customs Tariff states that in interpreting the headings and subheadings, regard shall be had to the World Customs Organization's (WCO) Explanatory Notes to the Harmonized Commodity Description and Coding System.

General Interpretative Rule 1 (GIR 1) directs that titles of Sections, Chapters and sub-Chapters are provided for ease of reference only. For legal purposes, classification shall be determined according to the terms of the heading and any relative Section and Chapter Notes. Similarly, General Interpretative Rule 6 (GIR 6) directs that classification shall be determined according to the terms of those subheadings and any related Subheading Notes.

Legislative/Administrative References

This ruling has been issued under paragraph 43.1(1)(c) of the Customs Act and will be honoured by the CBSA for future importations of the goods specified, provided the material facts and circumstances remain as originally presented; all conditions in the ruling have been met; the ruling has not been modified, revoked, revised, or cancelled; and the Customs Tariff legislation has not changed. Should there be a change in the material facts or circumstances pertaining to the goods, you must notify the CBSA as soon as possible. You may request that the Advance Ruling be modified or revoked as of the date of the change.

Importers should quote the advance ruling number at the time of importation in either the description field of the B3 entry document or on the Canada Customs Invoice. Exporters or producers should quote the advance ruling number on the Certificate of Origin or commercial invoice accompanying the goods.

Should you disagree with this advance ruling, you may file a dispute notice under subsection 60(2) of the Customs Act within 90 days of the date of issuance. Please see the procedures outlined in Appendix C of the CBSA's Memorandum D11-11-3, Advance Rulings for Tariff Classification.

This advance ruling is considered 'reason to believe' for the purposes of section 32.2 of the Customs Act and the CBSA's Administrative Monetary Penalty System, described in Memorandum D22-1-1.

All Memoranda referenced in this letter may be accessed on the CBSA website.
